Project Title:

Project Number:   
(Assigned By Finance Department)

Project Description:

Department/Div.:

Ranking:   
(Assigned By Administration)

**Project Narrative:**

This project will extend the water utility east towards Trunk Road in the city's water service area, outside the city limits to a subdivision of 50 homes that is running of water. The expanded customer base will help the utility's annual financial statement. This extension will also allow "The Ranch", a new adjacent subdivision to be connected to the city utility. Phase 1 construction has been completed that consists of 2 pressure reducing valve buildings. FY08-FY09 funding will be for Phase 2 main line piping approximately 1.4 miles in length to connect the PRV buildings and tie-in City water. Depending on the level of state and federal funding in FY08-FY09, the project will also replace the main line through Garden Terrace Subdivision to improve fire flow to the existing fire hydrants.

**Impact on Operating Budget:**

Increase in operating cost (\$5,000) will be less than the estimated revenue (\$20,000) generated by the customers. Also revenue will be increased in the future due to the ability of the City to provide water to other developments beyond Garden Terrace. It is projected that this revenue will be substantial in the future (i.e. projections range from \$90,000 and higher per Fiscal year).

# Attachment A Scope of Work

## 1. Project Description

The purpose of this FY 2009 Designated Legislative Grant in the amount of \$600,000 [*pursuant to the provisions of AS 37.05.315, SLA 2008, Chapter 30, Section 13, Page(s) 16-17, and Line(s) 16-17*] is to provide funding to the City of Wasilla for use towards the Airport Blvd Phase I. This project may include, but is not limited to, construction of a new airport access road. Grant funds may be utilized for, but not limited to, design and engineering, contractual, labor, equipment, and materials and supplies.

No more than five percent (5%) of the total grant award may be reimbursed for Administrative expenses for projects involving equipment purchase or repairs and no more than ten percent (10%) of the total grant award may be reimbursed for Administrative expenses for all other projects. To be reimbursed for eligible administrative costs, expenses must be reported on the Designated Legislative Grant Financial/Progress Report form.

## 2. Project Budget

<b>Cost Category</b>	<b>Grant Funds</b>	<b>Total Project Cost</b>
<b>Program Funds</b>	<b>\$600,000</b>	<b>\$600,000</b>

## 3. Budget Narrative

The Grant Funds identified above will be used to complete the project described in the above Project Description.

#### 4. Project Management/Reporting

This project will be managed by the Grantee.

If the Grantee is a City, signatory authority for execution of the Grant Agreement and subsequent amendments is granted to the Mayor. The Mayor may delegate signatory authority for executing the Grant Agreement and amendments to others within the City government via the Signatory Authority Form. The Mayor may also designate financial and progress reporting authority via the Signatory Authority Form. Such delegation is limited to others within the City government, unless otherwise approved by the Department.

If the Grantee is not a City, signatory authority for execution of the Grant Agreement and subsequent amendments is granted to the Chief Executive Officer (CEO). The CEO may delegate authority for executing the Grant Agreement and amendments to others within the Grantee's organization via the Signatory Authority Form. The CEO may also designate financial and performance progress reporting authority via the Signatory Authority Form. Such delegation is limited to others within the Grantee's organization unless otherwise approved by the Department.

The Grantee must establish and maintain separate accounting for the use of this Grant. The use of Grant funds in any manner contrary to the terms and conditions of this Grant Agreement may result in the subsequent revocation of the grant and any balance of funds under the grant. It may also result in the Grantee being required to return such amounts to the State.

The Grantee shall submit a **Designated Legislative Grant Financial/Progress Report Form** (see attached) each month, or quarterly, with the concurrence of the Department, during the life of the Grant Agreement. Grant Financial/Progress Report Forms are **due fifteen (15) days** after the end of the month or quarter being reported. The report period is the first of the month through the last day of the month. If quarterly reporting is approved, the report period is the first day of the first month through the last day of the third month of the quarter. The final Financial/Progress Reports must be submitted within thirty (30) days following completion of the project. Under no circumstances will the Department release funds to the Grantee unless all required reporting is current.

#### 5. Grant Forms Packet

The following page, which includes the Designated Legislative Grant Financial/Progress Report Form, is to be used by the Grantee for monthly/quarterly reporting. Additional copies of this form are available from the Department, electronically or in hard copy.

## **Attachment B Payment Method**

### **1. Advance/Reimbursement Payment**

Upon full execution of this Grant Agreement, a State treasury warrant in an amount not to exceed 20% of the amount in Section I may be released upon request. Additional State treasury warrants will be released on a reimbursement basis upon receiving and approving a Grantee's financial/progress reports. The Department will reimburse the Grantee for costs incurred during the reporting period, in accordance with this Grant Agreement. The Department will not reimburse without approved financial/progress reports, prepared and submitted by the Grantee on the form provided in Attachment A. Before approving the financial/progress report for payment, the Department may require the Grantee to submit documentation of the costs reported (e.g., vendor billings, signed timesheets, invoices).

If cost reimbursement significantly inhibits the Grantee's ability to implement the project, the Department may advance to the Grantee an amount not to exceed a projected thirty (30) day cash need, or twenty percent (20%) of the amount in Section I, whichever is less.

Before the Department will issue an advance, the Grantee must submit a "Request for Advance Payment" form along with documentation of costs associated with the advance. The "Request for Advance Payment" form can be obtained from the Department electronically or in hard copy.

All advances will be recovered with the Grantee's next Financial/Progress Report form. Should earned payments during the terms of this Grant Agreement be insufficient to recover the full amount of the advance, the Grantee will repay the unrecovered amount to the Department when requested to do so by the Department, or at termination of the Grant Agreement.

### **2. Withholding of Ten Percent (10%)**

The Department may withhold ten percent (10%) of the amount in Section I until the Department determines that the Grantee has satisfactorily completed the terms of this grant agreement, including all required reporting and submission of photographs of the project.

No conditions or provisions of this Grant Agreement can be waived unless approved by the Department in writing. ### Article 5. Access to Records

The Department and duly authorized officials of the State of Alaska shall have full access and the right to examine, excerpt, or transcribe any pertinent documents, papers, records, and books of the Grantee, and of persons or organizations with which the Grantee may contract, involving transactions related to the project and this Grant Agreement.

### Article 7. Retention of Records

The Grantee or the Department may request an amendment or modification of this Grant Agreement. However, such amendment or modification shall not take effect until approved, in writing, by the Department and the Grantee.

**Article 12.**

**Recordkeeping**

The Grantee agrees to keep such records as the Department may require. Such records will include information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays and income. They will also include information pertaining to project performance and efforts to comply with the provisions of the Grant Agreement.

**Article 13.**

None of the Work specified in this Grant Agreement shall be contracted by the Grantee without prior approval of the Department. No permission for subcontracting shall create, between the Department or the State of Alaska and the subcontractor, any contract or any relationship.

The Grantee shall remain fully obligated under the provisions of this Grant Agreement notwithstanding its designation of any third party or parties of the undertaking of all or any part of the project described herein. Any subcontractor that is not the Grantee shall be required by the Grantee to comply with all the provisions of this Grant Agreement.

The Grantee shall bind all subcontractors to each and every applicable Grant Agreement provision. Each subcontract for work to be performed with funds granted under this Grant Agreement shall specifically include a provision that the Department and the State of Alaska are not liable for damages or claims from damages arising from any subcontractor's performance or activities under the terms of the subcontracts.

**Article 14.**

**Article 18. Termination by Mutual Agreement**

This Grant Agreement may be terminated, in whole or in part, prior to the completion of contract project activities when both parties agree that continuation is not feasible or would not produce beneficial results commensurate with the further expenditure of funds. The Department will determine whether an environmental review of the cancellation is required under State and/or Federal law. The parties must agree on the termination conditions, including effective date and the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Department shall make funds available to the Grantee to pay for allowable expenses incurred before the effective date of termination.

**Article 19. Termination for Cause**

Response must be received within fifteen (15) days of receipt of the written notice.
- B. Termination – Terminate the grant in whole or in part, at any time before the final grant payment is made. The Department shall promptly notify the Grantee in writing of its determination to terminate, the reason for such termination, and the effective date of the termination. Payments made to the Grantee or recoveries by the Department shall be in accordance with the legal rights and liabilities of the parties.

**Article 20. Withdrawal of Funds**

In the event funding from the state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Grant Agreement and prior to normal completion, the Department may terminate the agreement, reduce funding, or re-negotiate subject to those new funding limitations and conditions. A termination under this article shall be implemented under the same conditions as a termination under Article 19 of this Attachment.

**Article 21. Recovery of Funds**

In the event of a default or violation of the terms of the Grant Agreement by the Grantee, the Department may institute actions to recover all or part of the project funds paid to the Grantee. Repayment by the Grantee of grant funds under this recovery provision shall occur within thirty (30) days of demand.

All remedies conferred on the Department by this agreement or any other instrument or agreement are cumulative, not exclusive, and may be exercised concurrently or consecutively at the Department's option.

**Article 22. Disputes**

Except as otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement that is not disposed of by mutual agreement shall be decided by the Department, which shall reduce its decision to writing and mail, or otherwise furnish a copy thereof, to the Grantee. The decision of the Department shall be final and conclusive.

This "Disputes" clause does not preclude the consideration of questions of law in connection with the decision provided for in the preceding paragraph provided that nothing in the Grant Agreement shall be construed as making final the decisions of any administrative official, representative, or board on a question of law.

**Article 23. Jurisdiction**

This Grant Agreement shall be governed by the laws and statutes of the State of Alaska. The venue of any suit hereunder may be in the Superior Court for the First Judicial District, Juneau, Alaska.

**Article 24. Ownership of Project/Capital Facilities**

The Department makes no claim to any capital facilities or real property improved or constructed with funds under this Grant Agreement and, by this grant of funds, does not and will not acquire any ownership interest or title to such property of the Grantee. The Grantee shall assume all liabilities arising from the ownership and operation of the project and agrees to hold the Department and the State of Alaska harmless from any and all causes of action arising from the ownership and operation of the project.

**Article 25. Site Control**

If the grant project involves the occupancy and use of real property, the Grantee assures that it has the legal right to occupy and use such real property for the purposes of the grant, and further that there is legal access to such property.

**Article 26. Insurance**

In the event that the engineering firm is also the project administrator, the Grantee shall require that the bond or insurance shall be for not less than the amount of the entire project.

**Article 28. Governing law**

This Grant Agreement is governed by the laws of the State of Alaska. The Grantee shall perform all aspects of this project in compliance with the appropriate laws and regulations. It is the responsibility of the Grantee to ensure that all permits required for the construction and operation of this project by the Federal, State, or Local governments have been obtained.

**Article 29. Budget Flexibility**

Notwithstanding the provisions of Article 11, Attachment C, the Grantee may revise the project budget in Attachment A without a formal amendment to this agreement. Such revisions are limited within each line item to a maximum of ten percent (10%) of the line item or \$10,000, whichever is less, over the entire term of this agreement. Such budget revisions shall be limited to changes to existing budget line items. Budget revisions may not be used to increase any budget item for project administrative expenses. Changes to the budget beyond the limits authorized by this provision may only be made by a formal amendment to this agreement.

**Article 30. Equal Employment Opportunity (EEO)**

The Grantee may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy or parenthood. The Grantee shall post in a conspicuous place, available to employees and applicants for employment, a notice setting out the provisions of this paragraph.

The Grantee shall state, in all solicitations or advertisements for employees to work on state funded projects, that it is an equal opportunity employer (EEO) and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy or parenthood.

The Grantee shall include the provisions of this EEO article in every contract relating to this Grant Agreement and shall require the inclusion of these provisions in every agreement entered into by any of its contractors, so that those provisions will be binding upon each contractor or subcontractor.

**Article 31. Public Purposes**

The Grantee agrees that the project to which this Grant Agreement relates shall be dedicated to public purposes for its useful life. The benefits of the project shall be made available without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy or parenthood.

If the Grantee is a non-municipal entity and if monies appropriated under this grant constitute the sole or principal funding source for the acquisition of equipment or facilities, the Grantee agrees that in the event a municipal corporation is formed which possesses the power and jurisdiction to provide for such equipment or facilities, the Grantee shall offer, without compensation, to transfer ownership of such equipment or facilities to the municipal corporation.

If the Grantee is a non-profit corporation that dissolves, the assets and liabilities from the grant project are to be distributed according to statutory law, AS 10.20.290-10.20.452.

**Article 32. Operation and Maintenance**

Throughout the life of the project, the Grantee shall be responsible for the operation and maintenance of any facility, equipment, or other items acquired under this grant.

**Article 33. Assurance**

The Grantee shall spend monies awarded under this grant only for the purposes specified in this Grant Agreement.

**Article 34. Current Prevailing Rates of Wage**

Certain grant projects are constrained by the provisions of AS 36. PUBLIC CONTRACTS. To the extent that such provisions apply to the project which is the subject of this Grant Agreement, the Grantee shall pay the current prevailing rates of wage to employees as required by AS 36.05.010. The Grantee also shall require any contractor to pay the current prevailing rates of wage as required by AS 36.05.010.

**Article 35. Severability**

If any provision under this Grant Agreement or its application to any person or circumstance is held invalid by any court of rightful jurisdiction, this invalidity does not affect other provisions of the contract agreement which can be given effect without the invalid provision.

**Article 36. Performance**

The Department's failure to insist upon the strict performance of any provision of the Grant Agreement or to exercise any right based upon breach thereof or the acceptance of any performance during such breach, shall not constitute a waiver of any rights under this Grant Agreement.

**Article 37. Sovereign Immunity**

If the Grantee is an entity which possesses sovereign immunity, it is a requirement of this grant that the Grantee irrevocably waive its sovereign immunity with respect to state enforcement of this Grant Agreement. The waiver of sovereign immunity, effected by resolution of the entity's governing body, is herein incorporated into this Grant Agreement.

**Article 38. Audit Requirements**

The Grantee shall comply with the audit requirements established by 02 AAC 45.010, set forth in Appendix A of this Grant Agreement.

**Article 39. Close-Out**

The Department will advise the Grantee to initiate close-out procedures when the Department determines, in consultation with the Grantee, that there are no impediments to close-out and that the following criteria have been met or soon will be met:

- A. All costs to be paid with grant funds have been incurred with the exception of close-out costs and any unsettled third-party claims against the Grantee. Costs are incurred when goods and services are received or contract work is performed.
- B. The last required performance report has been submitted. The Grantee's failure to submit a report will not preclude the Department from effecting close-out if it is deemed to be in the State's interest. Any excess grant amount that may be in the Grantee's possession shall be returned by the Grantee in the event of the Grantee's failure to finish or update the report.
- C. Other responsibilities of the Grantee under this Grant Agreement and any close-out agreement and applicable laws and regulations appear to have been carried out satisfactorily or there is no further State interest in keeping the grant open for the purpose of securing performance.

**Article 40. Americans with Disabilities Act**

The Americans with Disabilities Act (ADA) prohibits discrimination against persons with disabilities. Title I of the ADA prohibits discrimination against persons with disabilities in employment and provides that a reasonable accommodation be provided for applicants and employees. Title II of the Act prohibits public agencies from discriminating against individuals with disabilities in the provision of services, programs, or activities. Reasonable accommodation must be made to ensure or allow access to all services, programs, or activities. This section of the Act includes physical access to public facilities and requires that public entities must, if necessary, make modifications to their facilities to remove physical barriers to ensure access by persons with disabilities. All new construction must also be accessible to persons with disabilities. A public entity's subgrantees or contractors must also comply with the ADA provisions. Grantees are responsible for assuring their compliance with the ADA.

This requirement does not apply to a grant for repair or improvement of an existing facility operated or maintained by the State at the time the grant is accepted if the repair or improvement for which the grant is made will not substantially increase the operating or maintenance costs to the State.

A grant or earnings from a grant under AS 37.05.315 - 37.05.317 may not be used for the purpose of influencing legislative action. In this section “influencing legislative action” means promoting, advocating, supporting, modifying, opposing, or delaying or seeking to do the same with respect to any legislative action but does not include the provision or use of information, statistics, studies, or analyses in written or oral form or format. ## **Alaska Coastal Management Program—AS 46.40**

This chapter of the Alaska Statutes establishes a planning program for the use, management, restoration, and enhancement of the overall quality of the coastal environment. ## Appendix E Site Control

### 1. Site Control

The Grantee must provide evidence of site control for a project that involves any use of land, including but not limited to, construction, renovation, utility projects, fuel storage, roads and trails.

As a minimum requirement, the Grantee should obtain a "sufficient interest" that allows the Grantee the right to use and occupy the site for the expected useful life of the building, structure or other improvement. Generally, the interest obtained should be for at least 20 years. A sufficient interest depends upon the nature of the project and the land status of the site. Site control options are identified in Section 2.

For a project planned on land that is controlled by a public agency, the Grantee must obtain whatever authorization for use that is required by the public agency.

### 2. Site Control Options

Below are some examples of documents that may be used to satisfy site control requirements for various community facilities/projects. The terms and conditions contained in each document must be examined to determine adequacy for a specific project.

### **State Fire Marshal Review**

#### **The Plan Review Process**

Construction, repair, remodel, addition, or change of occupancy of any building/structure, or installation or change of fuel tanks must be approved by the State Fire Marshal's Office before ANY work is started.

Residential housing that is three-plex or smaller is exempt from this requirement.

Exception: The following jurisdictions have accepted a deferral for total code enforcement and plans should be submitted directly to the city: Anchorage, Juneau, Fairbanks, Kenai, Seward, Kodiak, Sitka, and Soldotna

Plans and specifications regarding the location of the building or structure on the property, area, height, number of stories, occupancy, type of construction, interior finish, exit facilities, electrical systems, mechanical systems, fuel storage tanks and their appurtenances, automatic fire-extinguishing systems, and fire alarm systems must be submitted by the owner or owner's representative to the State Fire Marshal for examination and approval. This review does not address structural considerations or accessibility requirements. Mechanical and electrical review is limited to that which is necessary to confirm compliance with fire and life safety requirements.

A copy of the plan review approval certificate must be posted as required in 13 AAC 55.100(b). It is prohibited to occupy a building for which plans have not been examined and approved.

If any work for which a plan review and approval is required has been started without first obtaining plan review and approval, an additional special processing plan review fee of \$100 is charged for the first violation. The special processing plan review fee for a subsequent violation by the same person is an additional charge equal to the amount of the standard plan review fee for the project.
