**SUMMARY STATEMENT:** The Borough is currently performing drainage improvements and paving of E. Valley Loop Extension where it is outside the City limits. This contract amendment will provide similar drainage improvements where the road is within the City limits and increase the size of the cul-de-sac to better handle the turning movements of emergency service vehicles.

In the same area, S. Chilligan Drive also has a substandard cul-de-sac and road width to adequately handle emergency services vehicles. This contract amendment will increase the size of this cul-de-sac and road width.

This contract amendment will improve two of the worst cul-de-sacs maintained by the City and make the necessary drainage and sub-base improvements for future paving when funding becomes available

**ACTION:** Authorize the Mayor to execute a contract amendment with Big Dipper Construction in the amount of \$45,000 for FY09 safety and drainage improvements to E. Valley Loop Extension and S. Chilligan Drive.
