Honorable Mayor and
Members of the City Council
City of Wasilla, Alaska

Professional standards require us to communicate with you regarding matters related to the financial statement audit that are, in our professional judgment, significant and relevant to your responsibilities in overseeing the financial reporting process. This document provides an overview of our plan for the audit of the financial statements of City of Wasilla, Alaska (the City) as of and for the year ending June 30, 2017, including a summary of the nature, scope, and timing of the planned audit work.

Responsibilities

BDO USA, LLP, as your auditor, is responsible for forming and expressing an opinion about whether the financial statements and the schedule of state financial assistance that have been prepared by management, with your oversight, are prepared, in all material respects, in conformity with accounting principles generally accepted in the United States of America. In addition our audit will be conducted in accordance with standards for financial audits contained in the State of Alaska Audit Guide and Compliance Supplement for State Single Audits (State Audit Guide). The audit of the financial statements does not relieve you of your responsibilities and does not relieve management of their responsibilities. The engagement letter, a copy of which has been provided to you, includes specific details regarding the auditor's and management's responsibilities.

Overall Audit Strategy and Planned Scope

Overall, our audit strategy is to assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design further audit procedures responsive to assessed risks. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. In connection with our audit, we will obtain a sufficient understanding of the City's internal control to plan the audit of the financial statements. However, such understanding is required for the purposes of determining our audit procedures and not to provide any assurance concerning such internal control. In addition, the State Audit Guide requires that we also plan and perform the audit to obtain reasonable assurance about whether the City has complied with applicable state statutes, regulations and the terms and conditions of the state awards that may have a direct and material effect on each of City's major state programs.

We focus on areas with higher risk of material misstatement (whether due to error or fraud). Our audit strategy includes consideration of:

- a) prior year audit results together with current year preliminary analytical review, including discussions with management and those charged with governance regarding the City's operations
- b) inherent risk within the City
- c) recent developments within the industry, regulatory environment and general economic conditions
- d) recently issued and effective accounting and financial reporting guidance

- e) the City's significant accounting policies and procedures, including those requiring significant management judgments and estimates and those related to significant unusual transactions
- f) the control environment and the possibility that the control system and procedures may fail to prevent or detect a material error or fraud
- g) internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the State Audit Guide
- h) information about systems and the computer environment in which the related systems operate, and
- i) a continual assessment of materiality thresholds based upon qualitative and quantitative factors affecting the City

Based upon our initial assessment, our planned scope for the audit is described below:

- The areas indicated below relate to significant risks identified during our risk assessment procedures and include a brief description on how we propose to address them:
 - Fraud Risk
 - Internal Control Over Financial Reporting
 - Cash and Investments
 - Accounts Receivable and Allowances
 - Revenue Recognition
 - State Grants
 - Long-term Obligations, including Debt Issuance and Repayment
 - Capital Assets
 - Taxes, Charges for Services, etc.
 - Pension and Other Postemployment benefits
 - Single Audit in Accordance with the State Single Audit
 - Evaluation of Related Party Relationships and Transactions and Going Concern
 - Other Matters, Including Significant Unusual Transactions

Overall Audit Timeline

Planning and interim fieldwork is anticipated to occur in July 2017 and year-end fieldwork will occur September 2017 with release of the opinion and financial statements and reports in accordance with Government Auditing Standards and the State Audit Guide expected to occur in November 2017.

Independence Communication

Our engagement letter to you dated August 1, 2017 describes our responsibilities in accordance with professional standards and certain regulatory authorities with regard to independence and the performance of our services. This letter also stipulates the responsibilities of the City with respect to independence as agreed to by the City. Please refer to that letter for further information.
