**Attachments:** Ordinance Serial No. 17-25 (1 page)

**Summary Statement:** This ordinance is proposed to fund the HDL engineering contract referenced in Action Memorandum No. 17-47 for Apron E Engineering Services in the total amount of \$239,994. This contract will provide the necessary engineering to receive a FAA Grant in 2018 for expansion of the airport apron estimated at \$2.4 million.

The FAA grant will reimburse the City 90.97 percent of the project cost. The HDL engineering contract is eligible for the grant's match requirement of 9.03 percent. The proposed project will construct new paved apron space 365 feet by 510 feet in 2018. This area will be used for additional aircraft tie-down spaces, as the City currently has a waiting list for tie-down spaces.

**Recommended Action:** Adopt ordinance.
