Summary Statement: The Sewer Department is seeking to replace a 10-year vehicle that is used for responding to sewer alarms and sewer repairs. The Utility Maintenance Supervisor has determined that a van type of vehicle will work best for the Sewer Department performing these tasks versus a pickup truck with a utility box. Ford provides the best pricing for a rear wheel drive van in this class. This vehicle purchase is being proposed as a sole source purchase in accordance with Wasilla Municipal Code 5.08.140.

Staff Recommendation: Adopt AM No.18-32.
