Summary Statement: Attached is a listing of budget goals and initiatives for Fiscal Year 2020.

As part of the budget process, the City Council has adopted nine one-year goals. To implement these goals, the City Council establishes budget initiatives each year as part of the budget preparation process. Once the City Council adopts the goals and initiatives for a given fiscal year, departments are assigned the responsibility for implementing specific budget initiatives. These goals and budget initiatives become the top priorities that the administration and staff work to accomplish in their annual work program. These specific goals and initiatives were discussed during the Special Meeting of the Wasilla City Council on December 3, 2018. The attached documents reflect the consensus of the Council.
