Attachments: Ordinance Serial No. 19-17 (1 page)
                          Project Diagram (1 page)

Summary Statement: This ordinance is proposed to appropriate $300,000 from the Library Capital Fund to expand the library parking lot. The FY2020 capital budget currently contains $300,000 for this project. However, the engineer's estimate is $548,000 that includes lighting and security cameras for this project. This ordinance is proposed to increase the FY2020 capital budget to $600,000 to expand the parking lot. This project will add 35 parking spaces to the library bringing the total to 127 spaces. This project will use nearly all the balance of the original capital funds raised for the library.

Recommended Action: Adopt ordinance.
