 Clerk's Note: Paving schedule AMENDED

City of Wasilla
Action Memorandum No. 21-18 (AM)

Authorizing The City's Road Paving Program For Fiscal Year 2022.

Originator: Public Works Director
 Date: 3/10/2021

Agenda of: 3/22/2021

Route to:	Department Head	Signature	Date
X	Public Works Director	[Signature]	3/10/21
X	Finance Director	[Signature]	3-10-21
	Deputy Administrator	[Signature]	3/10/21
X	City Clerk	[Signature]	3/10/2021
X	Mayor	[Signature]	3-10-21

Fiscal Impact: yes (to be determined after bidding and presented for council approval)
Attachments: FY2022-2025 Paving List (2 pages)

Summary Statement: The City currently has approximately 16.7 miles of gravel roads and park access roads being maintained. The attached list has been compiled by road name, length and given a trip generation number by structure classification (residential single family, duplex, multi-family, church, business, other uses) to determine a priority list for paving through 2025.

A density factor was applied using trips per length that identifies improving the roads with the most trips per mile as one factor for prioritizing roads. Also considered is whether a road is a "through" road or provides access to a public facility, such as a park. A notification letter is planned to inform residents and businesses that their road is being considered for paving during the fiscal year, and to request their input for any problem areas along their road or specific details related to their property.

Staff Recommendation: Approve the Action Memorandum.

As recorded in the meeting minutes, the paving schedule was amended on March 22, 2021.
 The amendment moved the paving schedule for E Depot Road from year 2023 to year 2022.
