Account name/number: Bumpus Well No. 2/320-4369-436.45-41

Attachments: Bid Summary

SUMMARY STATEMENT: An Invitation to Bid was issued for this project on August 14, 2009 with an August 28, 2009 bid opening. This project will attempt to develop another production well at the Bumpus Ballfield complex to supplement the existing City wells at that site. This project is being funded through a State of Alaska legislative grant. The following bids were received:

S&S Drilling	\$59,999
E&D Well Drilling	\$70,970
Sullivan Water Wells	\$71,476
Alpine Drilling	\$87,000

STAFF RECOMMENDATION: Authorize the Mayor to execute a contract with S&S Drilling in the amount of \$59,999 for Bumpus Well Drilling subject to the re-appropriation of state grant funding.

TECHNICAL SPECIFICATIONS

WATER WELLS

PART 1 - GENERAL

1.01 DESCRIPTION

The work covered by this section includes the furnishing of all materials, labor, equipment, and performing all operations for the construction of one (1) production well and one (1) observation well as shown on the attached Plan Sheet (1 sheets). This work shall generally include the following:

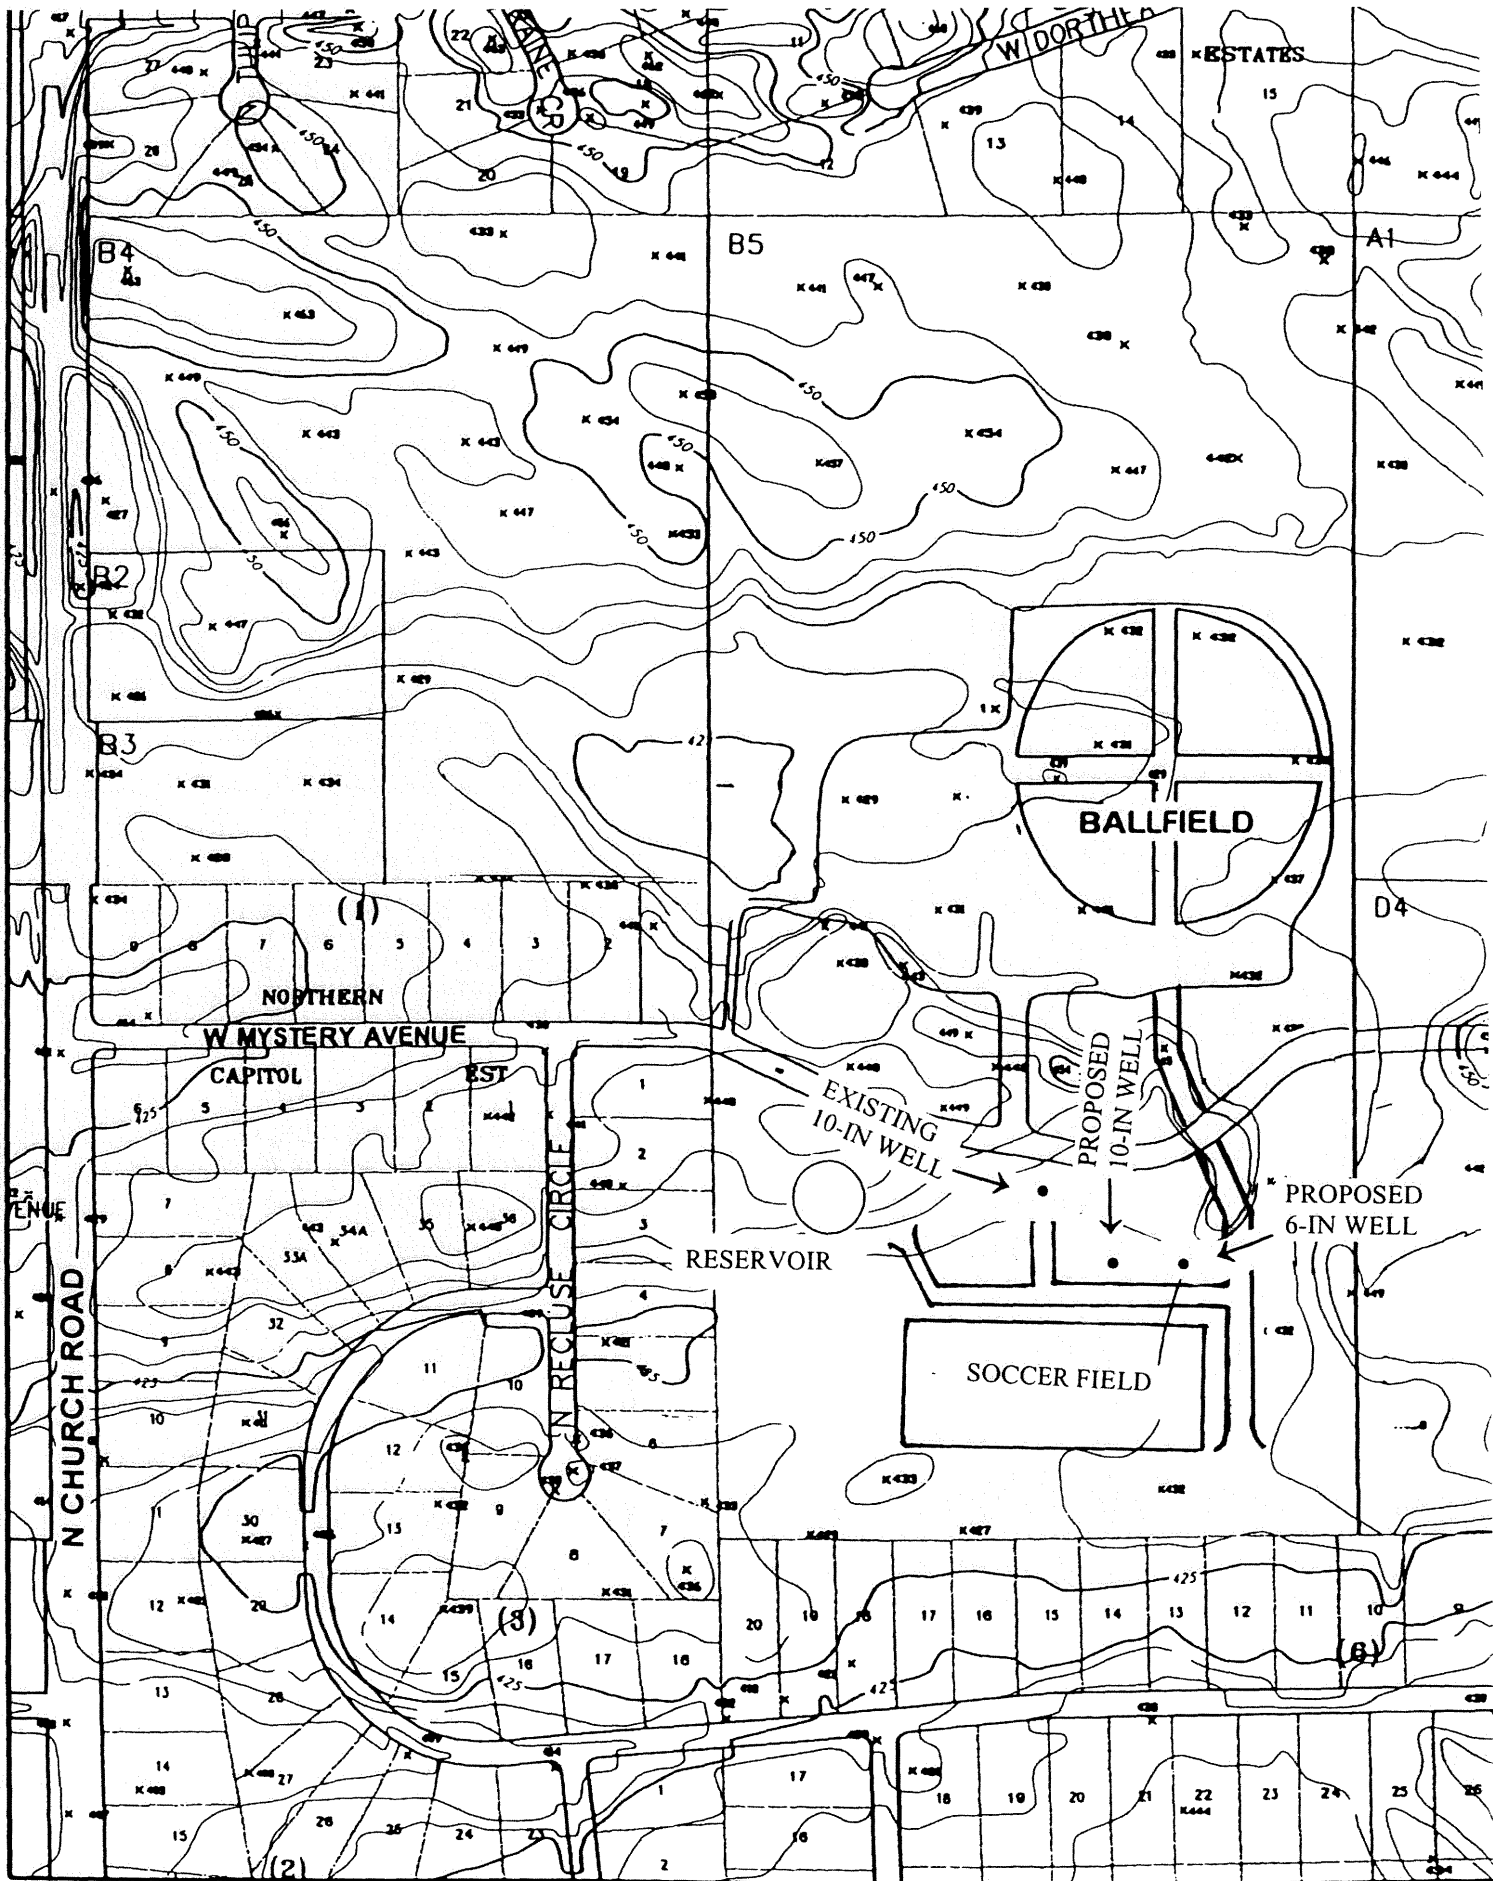

1. Mobilization and demobilization.
2. Drill and install one, 6-inch diameter observation well.
3. Drill and install one, 10-inch diameter production well.
4. Install well screen.
5. Well development.
6. Test pumping.
7. Install well grouting, well casing above grade and locking caps.

All work shall be accomplished in accordance with these specifications and attached drawings. If the OWNER has provided optional items to select project work from, it will be the OWNER's right to select the option best suited for the desired end product. No additional fees, cost or monies will be owed to the Bidder for options not selected.

1.02 REFERENCES AND APPLICABLE SPECIFICATION STANDARDS

The following publications, of the issues listed below, but referred to thereafter by basic designations only, form a part of this specification to the extent indicated by the reference:

- A. Environmental Protection Agency - Office of Water Supply, Manual of Water Well Construction Practices
- B. American Water Works Association
 - 200-75 Steel Water Pipe
 - 20167 Improving Well and Pump Efficiency
- C. American Welding Society
 - Section D3.0 - Standard Welding Procedures
- D. American Public Health Association
