SUMMARY STATEMENT: The Mat-Su Borough is currently conducting a study in partnership with the Cities of Palmer and Wasilla for a Regional Wastewater Treatment Facility. Funding is available for communities that can demonstrate their ability to meet regional wastewater treatment needs, and the City of Palmer is in a position to expand their facility for future regional use. It is important for the City of Wasilla to support a regional concept as its own facility is limited for growth. This resolution will help the City of Palmer seek funding for area wide wastewater treatment capacity in the future.

STAFF RECOMMENDATION: Approve the adoption of Resolution Serial No. 09-31 supporting the City of Palmer in the efforts to seeking funding for a Regional Wastewater Treatment Facility.
