Summary Statement: This Ordinance is sponsored by Council Member Graham. The intent of the Ordinance is to provide a mechanism for the council to grant the mayor authority to reduce or waive permit and application fees arising from a disaster emergency provided the reduced or waived fees are incurred no more than one year after the expiration of the emergency.

As an example, through the adoption of Resolution Serial No. 22-03, the Council extended the Emergency Proclamation Declaration of Local Disaster Emergency (windstorm disaster) issued by Mayor Ledford on January 5, 2022. The extension granted by the Resolution expires on April 5, 2022. If this Ordinance is adopted, a resolution may be brought forward granting Mayor Ledford the authority to waive permit and application fees associated with the windstorm disaster through April 5, 2023 (one-year after the expiration of the windstorm disaster).

Proposed Action: Introduce and set the Ordinance for public hearing.
