Summary Statement: In accordance with WMC 5.08.140, the City of Wasilla requested a quote from Collins Construction for Audio/Visual completion to the existing system at the Wasilla Police Department. This completion will provide a way for the speaker to control the audio, visual, and lighting components through one system. It will also provide for a projector and projection screen that was not in the original scope of the project.

It is in the City's best interest to award a sole-source contract to Collins Construction, Collins was the General Contractor for the build and have a thorough knowledge of the building. Megawatt Electric was Collins' Electrical Sub-Contractor that installed the existing Audio/Visual system.

Staff Recommendation: Approve the Action Memorandum.
