Account name/number/amount:

Airport CIP-Airport Tractor 330-4379-437.45-80 \$198,020

Attachments: Yukon Equipment Quote (3 pages)

Summary Statement: Wasilla Municipal Code (WMC) 5.08.030 authorizes the Purchasing Officer to join other units of government in cooperative purchasing ventures where the best interests of the City would be served. This purchase will be made through the nationally negotiated contract by Sourcewell. Sourcewell is a cooperative purchasing program facilitating public procurement solicitations. Using a cooperative purchasing contract saves the City time and money by leveraging the buying power of government agencies in all 50 states.

This contract award is for the purchase of a new Case IH Maxxum 145 Tractor with a 61" mulching attachment for the Wasilla Municipal Airport using Sourcewell government contract No. 110719-CNH-1. Clearing and grubbing at the Airport has previously been performed with a small tractor borrowed from the roads department. Twenty years of growth and the continued expansion of the Airport apron created the need for the purchase of a dedicated tractor with mulching attachments to be used solely for Airport maintenance.

This Action Memorandum is contingent upon the adoption of Ordinance Serial No. 22-29.

Staff Recommendation: Approve the Action Memorandum.
