SUMMARY STATEMENT: Council members will note that I did not sign AM 10-07. The action is to direct the Parks and Recreations Committee make recommendations regarding:

- Appropriate locations;
- Buffering;
- Incorporation of suggestions fro potential range users;
- Fiscal issues;
- Acceptable noise levels; and
- Any other matters they deem pertinent.

I don't believe the commission has the authority to make recommendations on all of these items. Nothing in the code, which outlines their duties, is there an authorization to determine planning issues or fiscal matters. And the final one is also very broad indicating that they can recommend anything they deem appropriate. I believe that is outside of their purview and therefore chose not to sign the AM.
