SUMMARY STATEMENT: This resolution corrects an inconsistency with the City's Official Streets & Highways Plan where Lucus Road is designated with a lower classification than the side roads that feed it. The new designation will be the same as Lucile Street and Spruce Avenue. In addition, the minor collector designation unfairly limits future development potential along this corridor as the Wasilla Municipal Code requires large developments to be located on a higher classification of street. The reclassification will allow the Planning Commission to consider larger developments in the future on a case by case basis in this area.

STAFF RECOMMENDATION: Adopt Resolution Serial No. 12-14.
